BAY COUNTY COMMITTEE
of the

TRI-COUNTY COLLEGE ASSOCIATION

Dear Friend:

As you know, a group of 300 citizens of Bay City, Midland and Saginaw have joined together in an effort to determine the feasibility of establishing a Tri-County College, serving the people of Bay, Midland and Saginaw counties. After two years of study they have reached the conclusion that such an institution is practical and possible for this community.

The date of November 7 has been set as election day to allow the voters of these three counties to express their wishes in this matter. Inasmuch as the entire study which represents hundreds of thousands of hours of work was made by the committee on a voluntary basis, they thought they would like to complete the job by holding a free election to resolve this matter.

We discussed the matter with the county and city clerks in the area and they assured us that this is legal and possible providing citizens volunteer their services as poll workers. We have had many people, both on and off the election boards, volunteer but we agreed with the clerks that the regular election workers were best qualified to serve and should be contacted first.

That is the reason for this letter and the enclosed card. Your willingness to serve without pay at this election in no way means that you favor or oppose this proposal but signifies your willingness to place the question before the voters. If this question passes and a college district is established, there will be another election held in the near future which the counties will conduct on a regular election basis.

We are sure you are interested in the progress of your community. Please fill out the enclosed card and return promptly.

Yours truly,

BAY COUNTY COMMITTEE

☐ I will voluntarily serve as an election official at the Nov. 7th election without pay.

☐ I will be unable to serve as an election official at the Nov. 7th election.
